

Bushland Update Term 2

Planting Day Success!

Our students planted over 230 seedlings in 1 day!

Pre Primary 1, 2 & 3 planted kangaroo paws alongside the oval and the new secondary building.

Lower Primary and **Upper Primary** planted trees, shrubs and ground covers in the bushland between LP and the Shammai, in the courtyard between UP and the new building, and the east side of the oval.

Secondary students, staff and parents assisted the younger ones with all the buckets, watering cans and stakes. Some of the **IB** students planned the logistics of the whole day and helped throughout.

We thank the City of Joondalup for a Community Grant
to purchase the plants and supplies.

Priority: Natural Environment
Conserve and manage the School's
bushland and surrounds for the benefit
of the community.
