

# Bushland Update Term 4

## **From Kambarang (Spring) to Birak (First Summer)**

This term Upper Primary students have continued weeding around the new plants that were planted in June.

Secondary students worked hard at the busy bee to clear the fire safe area, and provided a delicious morning tea for the parent volunteers! They have also been watering the new plants every week.

Everlastings planted by PP students have delighted us all term!

A Native Hibiscus planted in June is flowering now.

**Thank  
you**

Thank you to all the students, staff and parents who have helped to care for country at our school this year.

Special thanks to those volunteering to water plants over the holidays!

**Priority: Natural Environment**  
Conserve and manage the School's bushland and surrounds for the benefit of the community.
