

Bushland 2026 Term 3

From little things... big things grow

In this season of Djilba (early spring) everlastings planted by our youngest students back in term 2 have grown from tiny sprouts to a magnificent display filling their Wildflower Verge, and bringing joy to many families and visitors arriving at school!

June 19th - Everlasting sprouts

Sept 17th

Meanwhile, Lower Primary students have weeded, watered and added more than 40 new plants to the retaining wall. With the same patience and care given to the everlastings, we will see the Wall Garden flourishing!

all photos: Bushland subcommittee

Priority: Natural Environment

Conserve and manage the School's bushland and surrounds for the benefit of the community.
